

**6800** Line Matrix  
Printers

Flexible Design | Adaptable Functionality | Manageable Savings

## 6800 Cartridge Printers Deliver New Designs, Enhanced Convenience and Lower Operating Cost

TallyGenicom introduces design enhancements and improved functionality with the 6800 Cartridge Printer series to achieve the broadest flexibility, greatest compatibility and lowest ownership cost of virtually any other print technology. The series builds upon the workhorse tradition of all TallyGenicom line matrix technology delivering maximum uptime, low cost of ownership, and reliable performance. The 6800 series is the ideal solution for buyers looking to minimize operating expense without sacrificing output reliability, regardless of operating environment.

### FLEXIBLE DESIGN

TallyGenicom modified its industry-leading line matrix technology to address evolving user requirements.

- **Modular enclosures** occupy a smaller footprint while delivering location and installation flexibility
- **Sheet metal construction** for increased durability and better acoustics
- **New user interface** with larger LCD screen, graphical display and intuitive menu navigation
- **Remote printer diagnostics** let you monitor printer status and remotely configure settings & firmware

### ADAPTABLE FUNCTIONALITY

The **6800** Cartridge series adapts to almost any supply-chain or back-office environment.

- **More models** to fit your unique requirements including the new Tabletop Printer
- **USB 2.0** and Serial connectivity included as standard features. Parallel & Ethernet available as options.
- **PowerPrint™** delivers improved print quality and print darkness on multi-part forms by increasing impact energy. Comes standard on **6800** printers with a 1,000 line-per-minute print speed.

### MANAGEABLE SAVINGS

The **6800** Cartridge Printer is a smart purchase

- **Lowest cost of ownership** of any print technology.
- **Durable design minimizes** downtime related to unfavorable environmental conditions.
- **Backwards-compatible cartridge ribbons** reduce inventory management costs.
- **Energy efficient technology** lowers idle power consumption and boosts operating efficiency.

# Five Reasons Your Company Needs Line Matrix Printers

# 5

In a world of expensive to maintain laser printers it is smart to consider the latest advancement in line matrix cartridge printing before choosing a print technology. TallyGenicom has consistently pioneered new innovations to ensure this technology remains highly competitive and relevant for today's printing applications. Here are five reasons to consider the latest generation of Line Matrix Cartridge printers.

## 1 Lowest Cost of Ownership

- The average lifespan of a line matrix printer is 7 to 10 years as compared to only 3 years for laser printers.
- Cartridge Ribbons are up to six times less expensive than laser toner cartridges.
- As print volume increases, consumable savings grow dramatically.
- Cartridge ribbons give users up to 20% improvement in consumable cost per page over ribbons used by legacy line printers.

## 2 Productivity

- Line Matrix printers deliver unmatched, up-time and reliability.
- Document integrity is more easily maintained with continuous forms media as opposed to cut sheets.
- PrintNet Enterprise, our remote printer management utility, delivers visibility and remote control for all network connected devices.

## 3 Reliable Performance in Any Environment

- Line Matrix printers perform reliably in non-climate controlled environments where temperature, humidity and airborne contaminants cause form feeding and print quality issues for other print technologies.

## 4 Application Adaptability

- Independent Software Vendors provide label design software and ERP solutions that natively support the Printronix language for graphics, text and barcode images.
- Line Matrix remains the best technology for printing multi-part forms, oversize media, labels, card stock, and other non-typical media types.

## 5 Environmentally Friendly

- When compared to laser printers, Energy Star® certified Line Matrix Printers consume as little as 1/3rd the energy when printing, and 1/7th the energy when in standby mode.
- Throughout their life span, Line Matrix Printers will generate far less landfill waste from consumables, packaging and printer hardware.
- Cartridge ribbons emit none of the fine particulate emissions generated by laser printers.

# 6800 Line Matrix Printers

With the new **6800 Tabletop** line matrix printer, you receive maximum uptime and low total cost of ownership in the smallest footprint available. The Tabletop design provides flexibility to your industrial printing environment and is the industry's best solution when you need to optimize space and seek portability.

The flagship model in the series, the **6800 Open Pedestal** is a dependable line matrix printer that delivers maximum uptime and lowest total cost of ownership. Its compact size makes it easy to move within your environment and is ready to plug into your network and start printing from day one.

\*Not available at time of printing

The **6800ZT Zero Tear** is the specialized cartridge line matrix printer choice for customers using pre-printed and serialized documents that require print on demand, single form tear-off usability. The Zero Tear is designed to eliminate wasted forms and reduce operating costs.

*Available mid-2013*

The **6800 Enclosed Pedestal** comes equipped with all the built-in quality, reliability and performance of the top-of-the-line TallyGenicom 6800 Cabinet printer, but in a smaller and more compact footprint.

It is the perfect line matrix printer solution for customers looking for a quiet, versatile, dependable, pedestal-style printer for use in an office with space limitations.

# CONNECTIVITY

## Reliable Connectivity, Seamless Installation and Robust Remote Printer Management

### CONTROL YOUR ENTIRE GLOBAL PRINTING NETWORK FROM ANYWHERE =

Achieve higher efficiency and improve your company's productivity with PrintNet Enterprise™ remote printer management software. PrintNet Enterprise is a valuable time-saving tool for your mission critical operation.

**PLUG AND PRINT =** TallyGenicom provides you with a wide variety of emulations and configuration tools to make the job easier. Installation requires no host changes and allows for easy data streaming. Do you have custom print job files already set up? No problem, PrintNet Enterprise lets you work with the files you have already created.

**PRINTNET ENTERPRISE =** Total control. Your worldwide print operation is at your fingertips with PrintNet Enterprise. By combining the recommended integrated Ethernet adapter and Java-based software, remote printer management extends your reach from anywhere you have a computer and connectivity.

- Configure and monitor printers from any desktop computer and any location in the world
- Designate events and be alerted to printer issues with email, pager or mobile phone alerts
- Complete compatibility with any TallyGenicom product when equipped with the optional Ethernet
