DT-230 Thermal POS Receipt Printer

Highlights at a glance:

- High Speed Printing
- Easy Paper Loading
- Flexible interfaces including WiFi
- Supports ESC/POS emulation
- Heavy duty cutter standard
- Supports pages mode printing

Dascom's DT-230 POS direct thermal printer offers reliability, precision and performance in a small footprint, where space is limited.

The user friendly design of the printer allows a space saving easy cover opening and an easy to load print Mechanism.

The clearly labeled panel enables simple and effective operation making it very easy to use.

The mechanism is designed with robust construction ensuring reliable operation, a must for all transaction environments.

The DT-230 offers a wide range of connectivity options allowing use with both an installed base of equipment and complete new installations.

With wired and wireless interfaces, the DT-230 can be installed in the most difficult space configurations.

The external power supplies make it easy to inventory your POS printer for operation in all parts of the world.

The DT-230 is appropriate for use in many vertical industries, including retail, hospitality and food service, and healthcare.
